

# WILMOT WEEKLY

July 15, 2006 | Volume 1, Issue 1

## INTERACTION AT CAMP WILMOT

Camp Wilmot has been a blast the past week! Now it's time for us to say good-bye until next year. We'll remember all the activities that we had during our week at camp. Archery, games, arts and crafts, swimming, boating, nature, drama, cooking, music and media, and capoeira, all wonderful activities to enjoy with our friends and to have fun! Laughing with our friends, making new friends, hanging out, enjoying activities, and doing challenges, will always be remembered, never forgotten. We'll also remember all the events that have happened during our time at Camp Wilmot! The polar bear, the scavenger hunt, cabin challenges, games, birthday day, Scottish dancing, wacky water games, wacky Olympics, and the talent show are all the events that basically happened and great events to remember! All the events that we did and the activities that we had will always be remembered and never forgotten!

## CW'S SCOTTISH CONNECTION

This year at Camp Wilmot we had three people from Scotland with us. One of them is Lesley who we interviewed. She said she went to 5 other camps in Scotland. In 3 of them she was a counselor and in 2 camps she was a camper. She said they were similar to Camp Wilmot. They did bible studies, similar songs and vespers. They had very different breakfasts. Lesley said they had plain breakfasts. At her camp they camped in the same cabin. They had some of the same activities as us. Also they had day trips to places outside the camp. They did more indoors stuff. She said that was because it almost always rains.

Lesley comes back to Camp Wilmot because she always has fun. Also because she thinks the different culture is interesting. She found Camp Wilmot because she met Rachel and Michelle in Maryland at camp so they invited her to come to Camp Wilmot.

## NEWCOMERS!

Here at camp Wilmot we have many first timers including Karin, Katherine

Walker, and Tearyn who were asked their opinion about the camp.

Up next we have Walker Powers "age 8" who also told us things. First up we heard from 11 year old Tearyn who was in group Maple. She told me that she had an awesome counselor named Sara and also mentioned her favorite activities which were swimming and archery. Tearyn has made many friends and is said to be coming back next year.

About his first year at Camp Wilmot, Walker says "its really, really good" and he enjoys his very "funny yet loud snoring counselor Rob. Walker's favorite activities are cooking because it's "fun and great because you get to keep the leftovers"! Walker has had a great time. and hopes to come back next year.

And last but not least we have 10 year old Karin and 7 year old

*Fun at Camp Wilmot!*

Katherine who both like camp very much. Karin is here with her twin sister and has Estella for a counselor who she says is "wicked nice." Karin likes the camp a lot and enjoys swimming the best. Katherine says she loves Camp Wilmot along with her counselor Jessica and she also enjoys swimming the best.

## CAMP WILMOT POEM

Camp Wilmot is the place to be.

It's where you can share laughs and memories.

The staff is nice and the food is great, but when the meal is ready don't be late because you'll have to sing grace so make sure you are early just in case.

There is Art, swimming and nature too. There are tons of activities for you to do.

We also have a polar bear that shows off his moves after we sing the polar bear tune.

When you win tidy turtle, you get first at the store.

And when you look in its candy galore!

So come by next year.

We will have loads of fun.

For you and me and everyone!

*Camp Wilmot Weekly Staff*

## RECYCLING WITH ROB

Instead of throwing food away Rob came up with a great idea to compost it. He said he came up with the idea when he was learning about compost in college. "We compost mostly everything except meat and dairy" he says "once the food is composted I either give the food away to a farm, a pig farm, or I put it in the woods." Rob also mentioned the name of the bin, which is Bob. Rob feels great when he composts food so you should try it too.

## KITCHEN ARTICLE

This year we have four new cooks. We got to interview one of them. Anne, the assistant cook said she got an email from Rob asking her to be a cook so she said yes! She has been cooking for eight years. Anne came to Camp Wilmot as a camper from ages 12 - 16! So she already knew Rob. She loves cooking and she was going to go to school.

We also interviewed some campers about the new cook.

One of the campers we interviewed was Cassie Lefebure who said this year the food was better. Her favorite food this year was the bacon. Cassie said last year the food

needed improvement, but it was still good. We got with the food this year. Estella and Sara said that the four new cooks (Gary, Anne, Bianca, Becca) are very friendly. Their favorite food this year was the muffins.

## CAMP TRIVIA

1. What was the theme this week?
2. What does "C.I.T." stand for?
3. How many activities are there here at Camp Wilmot?
4. Who are our camp directors?
5. What is the first thing we must do before each meal?
6. Uhh oo I'm late for lunch, what must I do?
7. What color was the camp shirt this year?
8. Who is our archery teacher?
9. What's the reward for winning tidy turtle?
10. What does three whistles stand for while in the lake?
